

# FEEDING THE 5000 PROJECT

**These hands are of a couple that are hungry. They came to us looking for help. She has cancer and he is working but the medical bills are overwhelming and leaves little for groceries.**

**This story is typical of families we are serving.**

**Currently P.U.S.H. is helping over 35 families a month with food through our food bank.**

**We are in need of help with canned goods. Soups, spaghetti sauce, pasta, peanut butter, and bagged pintos. Your help would be a great blessing.**

**Our offices are located in the Rooftop of Va. building – 206 N. Main St. Galax. Donations can be dropped off or we are glad to pick them up.**
