

NEED A RIDE?

Follow Me

A partnership between Fancy Gap Friends Meeting, a Quaker worship group, and PUSH Ministries formed to provide transportation services to families and individuals in need. Follow Me provides transportation for those who do not have a way to get groceries, go to the doctor's office or pick up prescriptions. This program is a ministry to the community and there is never a charge for these services. Our drivers pride themselves on being professional, compassionate and caring. Please call or visit us online for more information and to setup a ride for you or someone else.
